### **D - FOR THE RIDERS**

1. This is a NUDE and PUBLIC event. Please dress according to your own comfort level. Don't worry, you can always take off more as we move along.
2. Please work together to ensure that those making visual record of this event respect your personal space, are not aggressive, and maintain reasonable communication with you, the participants.

*This policy is intended to curtail any inconsiderate photography which might otherwise take place. We wish to create a safe and supportive environment for all riders.*

*All photographers present at the ride must abide by this policy. Those who do not will be asked to leave. This **includes** any riders or press who take photos.*

*To ensure that this policy is clear to all present, it may appear on signs at the ride assembly area or on leaflets distributed at the event.*
